## Your payment date and method

## Your payment date

A first payment of accrued interest will be payable immediately following completion. This will be collected 14 days after completion. Your usual monthly payments will then be due on the first day of the month to which they relate, starting from 1st of the month following release of funds. The date that your usual monthly payments are due may be changed to any date between 1st and 28th of the month, to suit your circumstances.

1. If you wish to pay on a date other than the 1st, please enter it in this box

## Your payment method

Newbury Building Society operates a Direct Debit scheme which provides a simple and convenient way to pay. Below is a Direct Debit instruction form. Please complete it, sign it and return it along with this application, to ensure that there is no delay in commencing collection following completion of your mortgage. The bank account must be in the name of the applicant or one or more of the guarantors

No collections will be taken until after completion of your mortgage, and we will give you seven working days' notice of any change in the amount or date of your direct debit collections.

2. If you have NOT completed the attached Direct Debit form, please indicate in this box how you intend to make payments.
